What version of The Desktop Dispatcher would you like to purchase?

The Desktop Dispatcher regular version. \$500.00 includes invoicing, proposals, inventory management, proposals and employee files.

The Desktop Dispatcher Pro. \$700.00. Includes all the above, plus lets you track your customer's equipment, build preventative maintenance schedules and more.

The Desktop Dispatcher Unplugged \$900.00. All the above, plus lets you push customers, inventory items and invoices to Quick Books Pro on a Mac or PC.

One year of support \$200.00 if you purchase now. \$300.00 if you purchase later.

I have used the demo version of The Desktop Dispatcher and understand that there are no refunds on this software. Only damaged or lost programs will be replaced.
